About us

Stuart King Architecture is a leading independent company focused on delivering efficient, on-site, new build testing and various architectural services throughout the UK. Employing extensive expertise in energy assessment, design certification and advanced testing procedures. Stuart King Architecture operate as an intrinsic part of the construction industry offering a comprehensive suite of services to clients ranging from Architects and major contractors through to Housing Associations and City Councils.

Role

Due to company growth we are looking for a competent, enthusiastic and motivated individual to work within a progressive company that offers a variety of building compliance and architectural services. Responsibility will be directed primarily towards noise separation construction testing (airborne and impact) on new build properties using specialist equipment and reporting software.

The ideal candidate should be an experienced consultant with the requisite experience and appropriate UKAS 'accredited sound insulation testing services' membership.

Educated to degree level in a relevant subject area and be a full corporate member of the Institute of Acoustics.

If the above candidate is you, we would love to hear from you. If you wish to apply, simply send your CV with covering email to Craig Sutherland, craig@stuartkingarchitecture.com
